Mission

“Being a pioneer in identifying the passions of every student while bridging them with the right mentors.”

vision

“To become the only platform that provide students the right direction towards their dream through globally discovering & opening new opportunities”

Goal

To remain No. 1 choice by students for higher education abroad.

what we do?

One channel for all Destinations

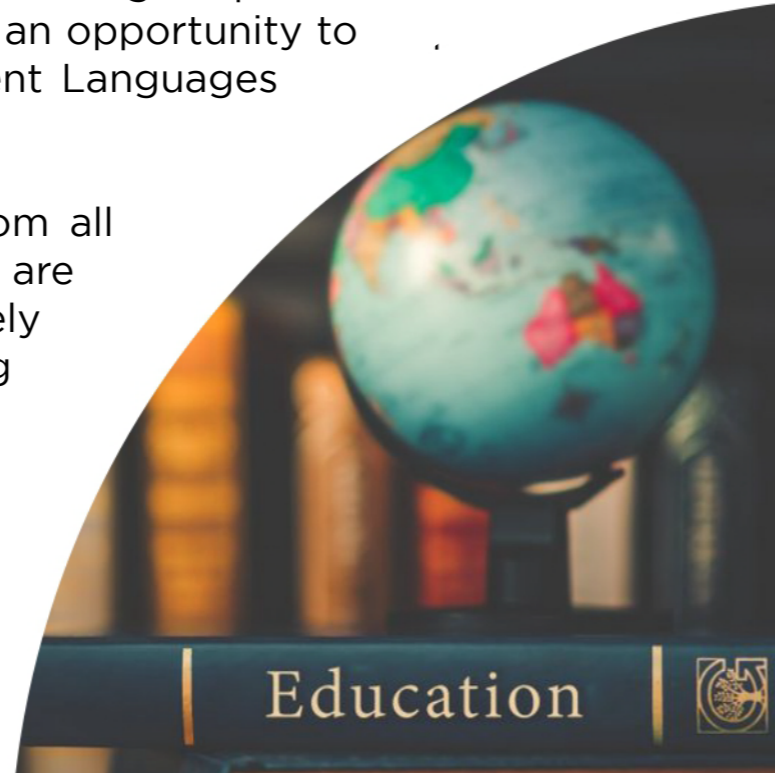

We provide best services in searching avenues for your education, capacity building and skill enhancement. We facilitate students in self-finance studies as well as Scholarships. First of all, our experience team of counselors will provide you complete guidance regarding country and institution selection meeting your expectation. Our aim is to optimize student's opportunity by developing proper career pathway in the country of your choice. We facilities students to fulfill University and embassy requirements before our team submit their application.

Trainings

The world is constantly changing and growing and we have to realize that our students learn English language in a very practical and advance method by taking help of native teachers. We provide our students an opportunity to sit at their home and learn different Languages and English exams preparation.

Our online classes are suitable from all walk of life, with no time restriction are being carried out. We exclusively hire teachers from English speaking countries to teach English language, IELTS, TOEFL, PTE, Language cert and Duolingo.

Free Studies

We facilitate students for self-financing studies; however, primary focus Remains on free education in Germany, Italy, Norway and Austria.

Studying abroad for free means gaining access to some of the

world's top-ranked universities and institutions.

These institutions offer high-quality education, cutting-edge research opportunities, and renowned faculty members. It refers to the opportunity for students

to pursue higher education in a foreign country without having to pay tuition fees or with significantly reduced tuition costs.

Counseling

We do counseling because we want to make entire process smoother.

- NACT GLOBAL team can guide you very well, in course and University selection.
- We guide students in making strong applications and do necessary what els required for a positive admission result.
- Our team focus of course selection and what are their scope in near future.
- We assist our prospective students in best and reasonable accommodation.

scholarship

We facilitate our students for fully funded scholarship as well. NACT GLOBAL has secured these Scholarships for students in relation with various subjects. Our primary focus is Scholarship for needy student. Its not an easiest task but we have proved it.
